

Chicago Title's Premier Service has done it again. . .
. . .We've created an easier way to get a Property Profile.

Chicago Title's Premier Services New Aerial Map Feature

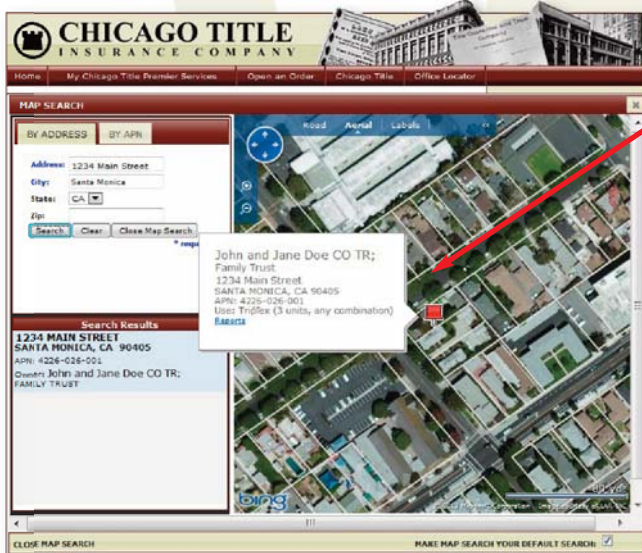

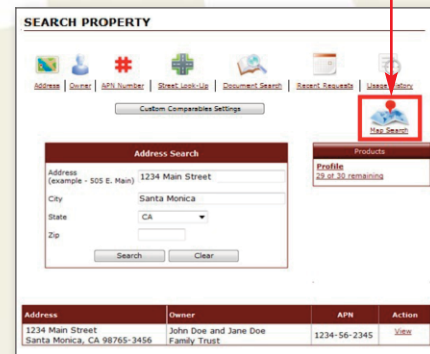

Chicago Title offers a new way of getting a Property Profile with the New Aerial Map Feature. This interactive aerial map with parcel map overlay helps visually identify your subject property on a map. This powerful tool will give you new flexibility to find those hard to locate properties, including vacant land.

Click on Profiles under Products to start your search.

Click on Map Search.

Start by entering either a Property Address or APN, the site will find your property and plot it on a map. Then move your mouse over the searched property to see the owner's information, click on REPORTS to get the Property Profile. You can also pan the loaded map to find other properties anywhere on the map.

In today's hectic world isn't it nice to know a title company is willing to make your job that much easier? Chicago Title, it's Your Choice.
